

ALLIED HEALTH PROFS (AHP) (AHP)

AHP 101 Freshman Sem in Allied Health 2 cr

A course for first-time students that assists with maximizing the student's potential to achieve academic success and to adjust responsibly to the individual and interpersonal challenges presented by college life. Taught in small groups, the course provides an introduction to the nature of higher education with special emphasis on health-related disciplines. Appropriate reading and writing assignments will be required.
Cross-Listed: HSC 101

AHP 201 Service Learning in Allied Health Professions 1 cr

A course for students majoring in the College of Allied Health Professions that assists with maximizing students' potential to holistically embrace their majors and all that their future careers entail. The course introduces students to the concept of service learning and how to process experiences that may or may not immediately align with their own previous experiences. At the end of the course, the student will understand what it means to serve and how learning occurs in the most unlikely situations and environments.

AHP 390 Special Topics 1-9 cr

The purpose of this course for the undergraduate student is to develop an improved understanding of culture, to recognize any cultural practices that affect health care, and to incorporate this understanding into the provision of care. Culture will be examined through writing, cultural experiences, and through collaboration.

AHP 401 Seminar in HP 3 cr

This course is designed to provide students with an overview of different health professions and their scope of practice and also to provide information about health administration.

AHP 510 IPE Autism Spectrum Disorders 1 cr

This foundational course is designed to prepare graduate students in OT, PT, SLP, MD and ED to provide high-quality services to individuals with autism spectrum disorder and other developmental disabilities. The emphasis will be on interprofessional education using team-based instruction to support effective interprofessional practice in both educational and health care settings. **ADDITIONAL RESTRICTION:** Students can only be enrolled following successful application and admission. Contact the course instructor for information on application.

AHP 550 IPE for Inclusive Pract in AHP 1-3 cr

This course will focus on advancing the ideals of diversity, equity, and inclusion in future allied health providers to develop inclusive practices, and will support the development of interprofessional collaborative practice skills. The course will provide students with opportunities to engage with members of various healthcare-focused graduate programs through both interprofessional education modules and interprofessional clinical laboratory experiences.

Cross-Listed: AHP 650

AHP 590 Special Topics 1-9 cr
