General Education (http://bulletin.southalabama.edu/programs-az/50-54 arts-sciences/#generaleducationtext)				
Major Requireme	ents	38		
Psychology Core	Basic			
A. Complete the	following:			
PSY 120	Introduction to Psychology	3		
PSY 220	Res Design and Analysis I	3		
PSY 280	Professions & Careers in Psychology	2		
PSY 310	Biological Psychology I	3		
PSY 320	Res Design-Analysis II-W	3		
Psychology Exper	imental/Learning			
A. Select two of t	the following:	6		
PSY 416	Cognition			
PSY 420	Psychology of Learning (see footnote table below (p. 1)) 1	W		
or PSY 317	Applied Behavior Analysis I			
PSY 428	Perception			
PSY 450	Advanced Data Analysis and Visualization			
PSY 475	Comparative Evolutionary Psy			
Psychology Personality/Social And Abnormal				
A. Select two of t	the following:	6		
PSY 340	Abnormal Psychology			
PSY 435	Social Psychology			
PSY 440	Psychology of Personality			
Psychology Developmental				
A. Complete the following:				
PSY 350	Child and Adolescent Dev	3		
or PSY 456	Adult Development and Aging-			
Psychology Capstone				
A. Complete the following:				
PSY 412	History-Systems Psy - W	3		
or PSY 414	Introduction to Clin Psych			
Psychology Elective				
Select six hours of PSY electives, excluding PSY 250 6				
Minor Requirements 18-				
A minor is required for this degree program 0				
A MINIMUM OF 120 HOURS IS REQUIRED FOR A DEGREE 120				

# **Footnote**

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

#### Notes:

The remaining six hours of electives needed for a major may be taken from any courses not taken previously (excluding PSY 250).

Students who are preparing for graduate study are encouraged to take all courses listed in the undergraduate core and any additional courses recommended by their faculty advisor. Student research is encouraged by the faculty and students may obtain course credit for individual student research projects in PSY 494. Students pursuing a degree in Psychology also must have a minor in another discipline.

# **Undergraduate Studies**

The objective of psychology, as a science, is to understand, explain, and predict the behavior of organisms. The Department of Psychology has developed and organized its course offerings to meet three major goals:

- To provide a strong foundation for those students who plan to enter a graduate school of psychology after completing their undergraduate degree requirements.
- To assist those students who are planning careers in psychology or in related fields by providing a flexible curriculum that can be designed to meet the career goals of individual students.
- To meet the needs of those students who are taking psychology courses as part of their liberal arts education.

# Requirements for a Minor in Psychology

A minimum of 21 semester hours in Psychology, including PSY 120 or PSY 121, PSY 220 and 15 semester hours of electives (twelve of those must be in courses numbered 300 or above).

#### Additional Information

### Accelerated Bachelor's to Master's Program in Psychology (ABM)

See Graduate School Bulletin for rules for all Accelerated Bachelor's to Master's Programs https://www.southalabama.edu/ bulletin/current/colleges-schools/graduate-school/index.html (https://www.southalabama.edu/ bulletin/current/colleges-schools/graduate-school/).

#### **Program Description**

The USA accelerated bachelor's to master's (ABM) in Psychology provides exceptional undergraduate students the opportunity to earn a bachelor's and master's degree at an accelerated pace in Psychology. While still an undergraduate, ABM students may count up to 12 credit hours of graduate course work towards their graduate degree. ABM students typically complete the master's degree within one academic year after completing the undergraduate degree.

Psychology majors are encouraged to apply for the Accelerated Bachelor's to Master's (ABM) Program in Psychology. This program is designed to allow the student to complete the Bachelor's degree in Psychology and the Master's degree in Psychology (Behavior and Brain Sciences program only) in five years.

#### **Admission Procedures**

Admission will be a competitive process. The minimum standards are:

- · Have completed at least 90 credit hours
- · Have completed at least 30 credit hours at USA
- Must have at least a 3.3 GPA (Cumulative and Psychology)
- · Requires 2 letters of recommendation
- Must have a verifiable score on either the ACT, SAT, or GRE

<sup>1</sup> You may take either PSY 420 or PSY 317 but not both.

Admission will be based on characteristics of the applicant and research match to the Psychology faculty. Applicants must transmit a personal statement and have two referees submit a letter of recommendation to the graduate program coordinator.

Once admitted into the ABM program, students must maintain at least a 3.0 GPA and remain in good standing to progress into the graduate program.

Completion of the ABM program requires students complete at least 150 approved unique credit hours. To qualify for a baccalaureate degree, a student must complete at least 120 approved semester hours. To qualify for a master's degree a student must complete a minimum of 30 approved semester hours. Generally, undergraduate students are not approved to take more than 12 credit hours of graduate coursework.

#### **Program Procedures**

ABM students may begin taking graduate courses after completing at least 90 hours of undergraduate credit.

Typically, during their senior undergraduate year, students will take 7 graduate credits per semester for 2 semesters (14 hours) while they are also taking undergraduate courses. Of these 14 graduate hours, 6 hours can count toward both degrees (Bachelor's and Master's) if the courses are completed with grades of at least B. Courses with a grade of C can count toward the undergraduate degree but not the graduate degree. Courses with a grade below C cannot count toward the undergraduate or graduate degree.

Upon completing the undergraduate degree, students will apply to the Psychology (Behavioral and Brain Sciences) Master's program. ABM students who are in good standing will be accepted into the Psychology Master's program.

Completion of the Master of Science (Behavioral and Brain Sciences) requires successful completion of all requirements, including at least 36 graduate credit hours. Graduate credit taken while an undergraduate that is completed with at least the grade of B will be transferred into the Master's program upon acceptance and will apply toward the 36 hours required for the Master of Science degree.

A student who withdraws or is dismissed from the ABM program may not count graduate coursework towards both degrees. Graduate courses for which an undergraduate student did not earn an "A" or "B" grade, may not be counted towards the graduate degree.

An ABM student must be a full-time student and must complete all degree requirements for the master's within three semesters of the semester in which they were admitted to the Graduate School. An exception for a fourth semester may be granted where an additional semester is required for final revisions to and submission of a defended thesis. Exceptions to the ABM policy are at the discretion of the Dean of the Graduate School.
