Footnote

- BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 46-60 hours are highly encouraged to take BUS 150.
- International Internship Requirement: Students must complete an internship with an international focus. This is accomplished by completing an internship with a multinational company operating in the U.S. or by completing an internship with an U.S. or foreign based firm operating in another country. Only one internship may be counted towards a business degree. Internship courses may only be used to fulfill the Experiential Learning requirement and may not be used as business electives or to fulfill any other degree requirement.
- Transfer Credits: Transfer credits for International Business Major courses will only be accepted from AACSB-accredited institutions.

Notes:

- Proficiency in a Second Language: Students majoring in International Business are required to demonstrate introductory-level proficiency in a second language by passing a foreign language proficiency examination as administered by the University of South Alabama Department of Foreign Languages and Literature or by successfully completing the second semester of any approved elementary sequence in a foreign language.
- Study Abroad Requirement: Students majoring in International Business must participate in a study abroad experience. Shortterm study abroad immersion experiences are available in the May semester and summer semester and students may also choose longer-term study abroad experiences for one or more semesters at one of our partner universities, which are accredited by the AACSB.

See Area II for Foreign Language (LG) series options.

Students majoring in International Business are required to demonstrate introductory-level proficiency in a second language by passing a foreign language proficiency examination as administered by the University of South Alabama Department of Foreign Languages and Literature or by successfully completing the second semester of any approved elementary sequence in a foreign language.

³ See General Education Requirements for options.

All students must complete either a literature or a history sequence. However, because International Business students are required to take a two course foreign language series fulfilling the Area II humanities requirements, International Business majors should elect the history sequence in Area IV unless they fulfill the foreign language proficiency through testing.

Anything in MCOB at the 300 or 400 level not used to fulfill another requirement except internship courses.
