

EDUCATIONAL MEDIA AND TECHNOLOGY (MS)

Degree Requirements

The University of South Alabama Master of Science degree in Educational Technology, a completely online program, prepares graduates to design, evaluate, and implement educational technologies. Through coursework and practical experiences, students will learn to use a diverse set of technological tools for the design and development of effective instruction. Students will also evaluate technological tools and resources designed to enhance teaching and learning and collaborate with educators and others to use technology to enhance learner experiences and outcomes.

Requirements for Degree

To qualify for the Master's Degree in Educational Technology, candidates must satisfactorily complete the following program with a minimum grade of "B" or better on all course work. Students must successfully complete a digital comprehensive exam portfolio which includes a thesis paper and an instructional technology project. The digital comprehensive exam portfolio may only be submitted two times.
